How can I enroll my other accounts into my Philtrust Online?

You can enroll your other accounts (own account) via online request by doing the following steps:

1. In the Philtrust Online homepage, go to “Account Maintenance” menu.
2. Click the “Request for Additional Account Number (Own Account) or Request for Additional Time Deposit (Own Account)” option.
3. Enter the 12-digit Account Number (Current/Savings) or 6-digit CTD No. to be enrolled and click “SUBMIT”.

Wait for an email notification (for at least 1 banking day) confirming the account has been successfully added.

How do I enroll additional 3rd Party Account (other Philtrust client's account) as beneficiary?

1. In the Philtrust BankOnline homepage, go to "Account Maintenance" menu.
2. Click the "Request New 3rd Party Account Number" option.
3. Enter the 12-digit Account Number of the account being enrolled and click "SUBMIT".
4. Wait for an email notification confirming the account has been successfully added for at least 1 banking day.

My password got locked since I exceeded the maximum PIN attempts, what should I do?

If your password was locked after you exceeded the maximum three (3) login attempts, your password will be reset after 24 hours.

What if I forgot my login password? How can I reset?

In the login page, go to "I forgot my password". You will be asked to select your preferred channel to receive your One-Time Password either via your registered mobile number or email address. You may also go and visit your branch of account.

How do I change my login password in Philtrust Online?

To change your password, follow these steps:

1. Go to "Security Settings", choose "Change Login Password" to change your log-in password.
2. You will be asked to select your preferred channel to receive your One-Time Password either via your registered mobile number or email address.
3. Input the One-Time Password, then
4. You will be directed to the Password Resetting screen.
5. Nominate your new password. Note: Password should be at least 8-20 characters long having a combination of alphabetical upper and lower cases, numeric and special characters.
6. Confirm your password then click the Submit button.

If you wish to change your Numeric password, follow the same steps under Security Settings. Choose "Change Numeric Password". You will be asked to input your 6-digit numeric password and click submit.

Ensure to secure your account information:

- Always secure your Passwords.
- Do not disclose your username/passwords to anyone.
- Never store your Username and Password where they can be accessed by others. It is preferable to memorize them.
- Password should be at least 8 to 20 characters long having a combination of alphabetical uppercase and lowercase, numeric and special characters.
- Change your passwords regularly.

What if I forgot my Username?

You may go to your branch of account for the retrieval of your username.
